

FRANCE PEEVED OVER DEMANDS THIS COUNTRY

(By Associated Press)

PARIS, Mar. 11.—The demand by the United States for reimbursement to the extent of \$241,000,000 for the expenses of its forces in Rhineland before any reparations are paid, has provoked a surprise and perplexity in French official circles. There is also some pointed comment in several morning newspapers.

Some officials have agreed this afternoon and "leaving" the American memorandum establishes a new interpretation of the treaty of Versailles, which document has not been ratified by the United States, the allied finance ministers have decided to refer the memorandum to their governments. An agreement, however, will be reached and signed today, with reservations as to American rights.

LAST SHIPMENT U. S. HEROES STARTED HOME

Fifteen Hundred Bodies of Men Who Died in Service Are Started From Brest.

DIFFICULT PROBLEM SOLVED

Agents Now Assembling Bodies Scattered Through England, Scotland and Wales.

(By Associated Press)

PARIS, Mar. 11.—The work of returning to the United States the bodies of American soldiers who died in France was completed today with a final shipment of 1,500 bodies from Brest for New York. This brings the total number of American bodies returned to 45,023.

The simple announcement of the completion of the task marks the close of one of the most trying and difficult problems ever placed before the American army. The American Graves Registration service, the special branch of the army organized for the purpose, began work in February, 1920. Agents of that service will now go to England and assemble 97 American bodies destined for shipment to America. These were American soldiers who died in widely-scattered parts of Ireland, Scotland, Wales and England. Five hundred other bodies of Americans, whose relatives have decided to leave them in England, will be concentrated in a beautiful little permanent cemetery at Brookwood, Surrey, England, the British government having given the site. This work will be completed by July.

MRS. GILLINGHAM IS REPORTED QUITE ILL

Mrs. Blanche Gillingham, popular graduate nurse, who looked after the wants of the late Archie McDonald during his last illness, is confined to her apartments at the Mizpah hotel, suffering a nervous breakdown. Mrs. Gillingham has been ill several days. She distinguished herself during the World War and was decorated by the British government for bravery by remaining on duty in a hospital when the institution was bombed. Her many friends entertain the hope she may have a return to good health.

AMUSEMENTS

THRILLS AND COMEDY AT BUTLER TODAY

The feature today is Buck Jones, a new western Fox star, who will be seen in a regular western "Thriller," "To a Finish." This presents a romance of western ranch life, involving a plot to blast the reputation of honest cattlemen by placing rebranded cattle among their herds, thus making them appear as rustlers. The play, of course, is full of stirring action, as is every play in which Buck Jones appears. Thrill and daring are guaranteed. Accompaniment by a superb orchestra and a band of a dozen. A lighter, even stronger conditions. A charming love story is woven into the plot, with the well known star, Helen Ferguson as leading lady. So much for "thrills" say come the company side of the program with Jack and Katherine Lee, formerly known as "the baby grand," now touring the Orpheum circuit in vaudeville, who will be seen in one of their latest three comedies, entitled "Circus Imps," which is undoubtedly a very appropriate name for the climactic stars.

Tonopah, Harry Gibson and Eva Novek in "Up in Mary's Arm" and Ruth Roland in "White Eagle," her last and a most western assignment.

Monday, Label-Normand in "Mickey"—another "Mickey."

SACRAMENTO VALLEY IS VISITED BY SNOW

(By Associated Press)
SACRAMENTO, Mar. 11.—Heavy snow last night turned into rain in the Sacramento Valley. Three inches of snow fell at Pearyn, 18 inches at Colfax, 7 inches at Jackson, and over a foot at Grass Valley. Merced reported snow last night and today.

PERSONAL

JOHN CHIATOVICH was an arrival last night from Fish Lake Valley.

W. H. ROYSTON, well known mining and mill man, is confined to his home suffering from the prevailing malady.

A. B. HALL, mining man, left this morning for Randsburg, California, to make an examination of a mining property.

AUGUSTUS KELLY, brother of the late Scott Kelly, has arrived from Port Bliss, Texas, to be present at the funeral of his relative which will probably be held on Tuesday.

MRS. HELEN WILLIAMS of Hot Creek, who is residing in Tonopah, is now convalescent following an illness of several days, which will prove pleasing news to her numerous friends.

EDGAR G. PICKLER, mining engineer, returned yesterday from Royston, where he had been making an examination of a mining property. Mr. Pickler expects to leave the first of the week for Los Angeles.

HERMAN BAUTH, underground engineer at the Tonopah Belmont, who has been confined to his home for the past week, struggling with an attack of the flu, has so far sufficiently recovered as to be able to be up and about the house.

JOHN G. KIRCHEN, manager of the Tonopah Extension Mining company, who has been confined to his home with an affection of the left eye, is very much improved and unless unforeseen complications arise, should be able to be at his desk by Tuesday.

IMPORTANT RULING IS MADE IN DISTRICT COURT

In the district court yesterday Judge Mark R. Averill sustained the demurrer in the case of E. E. Shultz and O. T. Brimfield against Wakely A. Williams and the Goldfield Quartz Mining corporation. This was an action to set aside the sale of the property upon the ground that 60 per cent of the stockholders had not voted in favor of the sale, as provided under the statutes of the state of Nevada.

OWL CABARET TO BE SCENE GREAT MERRIMENT TONIGHT

The Owl Cabaret will be the scene tonight of frivolity by reason to the arrival of several new entertainers and Goldies Band direct from San Francisco. This is considered one of the classiest musical organizations in the west, and Manager "Mickey" Clifford played a master stroke when he secured their services for Tonopah.

SCHOOL NOTES

The high seventh grade reading class recently finished short dramas adapted from "Lamb's Tales." In the near future they expect to give for the entertainment of the public their dramatization of the "Merchant of Venice."

The high seventh geography class is making an imaginary tour of the National Parks of America.

The low eighth has found it necessary to form a class and elect officers as they have a few dollars which they wish to put in the treasury. Walter Taylor was elected president and Edna Brown treasurer. It was decided that these were all the officers necessary at present.

The seventh A had a writing exhibit this week. The papers were voted upon by the class and it was decided that Lucille Sawyer and Mildred Huber had very good papers. Prizes were awarded them by the class.

The eighth grade will plan a trip to the tanks as soon as the weather is permissible. They have finished the work required to measure them a month ago, and would have gone before if the weather had been a little warmer. They will measure the tanks and compare their figures with the official ones.

Student Body Notes

An assembly was held Monday afternoon at 2:45 and the members of the basketball teams gave an account of the tournament.

The English III and IV classes are studying the short story form, preparatory to entering the short story contest.

The English II class were given intelligent test on current topics Thursday. There were only five who received 90 per cent or above, and nine who received 80 or above. It has been suggested that these tests be held oftener and that the students study current events and the Literary Digest more carefully.

The absence this week on account of cold is not as great as it was last week.

Miss Slavin, girls' basketball coach and Spanish teacher, has been unable to come to school on account of the grip. Those who do not take Spanish are jealous of those who do for some unknown reason.
